At Malyon we recognise that the world is changing. These are times of great challenge and opportunity. Our commitment is to raising up a generation of influential Christians who have a strong biblical base, skills in leadership and ministry, and a heart for God.

We have been training Christian leaders for over 100 years, and we’ve learnt a few things about theological training. Our graduates are serving all over the world as pastors, cross-cultural workers, workplace leaders, chaplains, church leaders and theological faculty.

Malyon offers full-time and part-time study options through lecture, intensive and distance modes. We have excellent resources for students including a large library, wireless internet and 24 hour access to the campus. All our awards are accredited through the Australian College of Theology.

**The Australian College of Theology**

The ACT was established under the auspices of the General Synod of the Anglican Church of Australia in 1891. The ACT is a company limited by guarantee governed by a nine-member Board of Directors. The Anglican Primate of Australia presides as the chairman of meetings of the company which consists of 54 persons (in 2010). The ACT is an Australasian provider of state accredited higher education courses leading to awards in theology and other disciplines related to Christian ministry. The ACT operates as an ecumenical consortium of some 2,500 students enrolled in 19 Bible and theological colleges approved to teach the awards of the ACT. These awards range from two-year diplomas, three-year undergraduate and coursework masters degrees to masters and doctoral research degrees.

The ACT has a centrally devised and managed curriculum and a quality assurance process that are applied across the whole network of affiliated colleges. The day-to-day educational system is managed by the Dean from the ACT office in Sydney. Academic governance is the responsibility of the Academic Board which oversees all academic activities of the College. The standing committees of the Academic Board share this responsibility by monitoring the quality of delivery and resourcing, developing policy, and reviewing the course structure for research, coursework and diploma courses. The membership of the Academic Board and its committees is comprised mostly of faculty members of affiliated colleges. A number of senior university academics are represented to help ensure that ACT practice (especially in the outcome of the consideration of research examiner’s reports and general academic policy) remains comparable with the standards of and best practice in the university sector.

As a HEP under the Higher Education Support Act, the College was required to undergo a quality audit conducted by the Australian Universities Quality Agency (AUQA). The AUQA Audit Report was publicly released on the AUQA website in February 2007.

In 2010 the company consists of 54 members composed in the following way:
(1) the Anglican Primate of Australia and the Dean of the ACT,
(2) the principals of 10 Anglican Theological Colleges,
(3) 21 persons elected by the House of Bishops of the General Synod,
(4) the principals of 11 affiliated colleges approved to deliver the research degrees of the ACT,
(5) 5 graduates holding an ACT research degree,
(6) 5 graduates holding any other degree of the ACT.
**Unit Description**

This subject is an advanced elective in the field of Evangelism and Mission. Evangelical Christianity has a longstanding involvement in establishing new churches as a significant expression of mission. This unit is intended to help students who are interested in planting a church now or in the future, either as a planter, or member of a planting team or as someone who will oversee it from a sponsoring church. This may be in a sub-cultural or cross-cultural mission’s situation, or in a new local area. In either case, the theological basis as well as the practical application of principles and practices that have been effective in new church development will need to be understood. Then, the student will be able to develop and implement appropriate strategies for planting healthy churches in the contemporary world.

The emphasis will be on planting churches for the purpose of reaching people who are not yet followers of Christ, and therefore having an understanding of how to implement an appropriate missional strategy to reach unreached groups of people will be an important emphasis throughout the unit.

UNIT ASSESSMENT

Assessment Instructions

In completing assessments, students should note that:

1. The College requirements for the writing and submission of assignments are to be adhered to at all times, as marks will be deducted for incorrect and poor presentation. Of particular importance is that the official College title page is to be used, and that the word length be indicated.

2. The current Assignment Style and Writing Guides are available to all students on the Moodle site; it should be studied, both when starting out and at the beginning of each academic year as adjustments or changes may be made from time-to-time.

3. The due date is non-negotiable; in exceptional circumstances students are to adhere to College protocol for requesting permission for late submission. Penalties for late submission are set at 5% per College week. The Assignment Style Guide contains details of the protocols to be followed.

4. With respect to length, students are permitted to write at a length of 10% either side of the stated length; for example, a 1000-word assignment should be within a 900-1100 word length. Students will be penalized 1% per 100 words, or part thereof, under or over the stipulated length.

5. With respect to the List of References, a specific number of references will not be set; however, students should note the guidelines indicated for the specific assessment requirement. However, students should note that:
   a. Bibles (including study Bibles), basic dictionaries and devotional guides are not regarded as academic references.
   b. Electronic sources should generally not number more than half the required number of references, and should be used with caution.

6. The failure to adhere to the stipulated assessment format requirements will be penalized as follows:
   a. Body of assignment:
      i. 1st level – 1%
      ii. 2nd and subsequent levels – 2%
   b. List of References and referencing:
      i. 1st level – 1%
      ii. 2nd and subsequent levels – 2%
Grade Criteria

Bachelor’s students at the advanced undergraduate degree 400-level should note that grades are awarded on the following criteria:

Units at advanced level build upon foundational studies. **ASSESSMENT REQUIREMENTS**

**Requirement 1: Pre-Reading**

Students will be required to complete 500 pages of pre-reading in preparation for the intensive week. These readings will be made available on the unit page on Moodle and will be available by Monday 4 January 2016.

Following the pre-reading, students will be required to submit a 500 word paper on the first day of the intensive, 1 February 2016. The purpose of the paper will be to prepare students for participation in the two discussions to be held after lunch on the first day of the intensive. Each student will share their insights based on their paper later in the week and indicate where their thinking has changed or been confirmed.

The **key assessment criteria** for this requirement are as follows:

1. The College’s official Assignment Title Page.
2. The second page is to reproduce the following statement, followed by the student’s signature:
   “I hereby declare that I have completed the reading of the set 500 pages of pre-reading material.”
3. Name and discuss one key practical reason for church planting (400 words).
4. Name and discuss one significant practical objection to church planting (400 words).

*Students should note that they are not expected to do any further research than the 500 pages of set pre-reading in completion of this requirement.*

**Length: 800 words**

**References: as required**

**Due: Monday 1 February, 2016 by electronic submission on Moodle**

**Mark Allocation: 10%**
Requirement 2: Critical Analysis

Students are to choose one of the church planting models discussed in this unit and critically assess the strengths and weaknesses.

The essay is to include an intentional consideration of actual church planting contexts known to them, demonstrating how these strengths and weaknesses impact on the practical application of the model you have selected.

The key assessment criteria for this requirement are as follows:

1. Demonstrate that you have a clear understanding of the theology and principles of Church planting and show how you use this as the criteria for your analysis.
2. Critical analysis of the model in relation to appropriate contexts in which each may be used.
3. Demonstrate an understanding of the leadership required for this model and how it needs to be exercised to effectively plant in a specific context.
4. The list of references is indicative of appropriate research, both academic and contextual.
5. Requirements for the writing of assignments have been adhered to.

Length: 2000 words
References: as required
Due: Friday 11 April, 2016 electronic submission on Moodle
Mark allocation: 35%
**Requirement 2: Research Essay**

Design a church planting strategy that is culturally relevant for a city based context, a rural based context or a cross-cultural context.

Students are to draw on everything they have learnt in the course and their reading to describe:

a. How the context would be researched;
b. How an appropriate approach would be chosen;
c. How a planting team would be recruited;
d. The stages of implementation that would be followed;
e. How the plant would be resourced;
f. How the plant would be evaluated.

The **key assessment criteria** for this requirement are as follows:

1. A clear articulation of the theological framework you are basing your church planting strategy on, and how this will influence the model you propose.
2. Able to demonstrate that you have a clear understanding of the people group you are seeking to reach through the church plant and how the plant will be contextually relevant to them.
3. Outline the chosen model that you are assessing to plant the church. Apply what you have learnt from your reading on church planting to evaluate the strengths and weaknesses in the approach you propose.
4. Briefly outline what research would be conducted to obtain information on the context (appendices may be used that do not count in the word limit to give supporting evidence of this.)
5. The list of references is indicative of appropriate research.
6. Requirements for the writing of assignments have been adhered to.

**Length: 3000 words**

**References: as required**

**Due: Friday 13 May, 2016 by electronic submission on Moodle**

**Mark allocation: 55%**
